Pocket Manual Of Homeopathic Materia Medica And Repertory And A Chapter On Rare And Uncommon Remedies

Synopsis

General Books publication date: 2009 Original publication date: 1903 Notes: This is a black and white OCR reprint of the original. It has no illustrations and there may be typos or missing text. When you buy the General Books edition of this book you get free trial access to Million-Books.com where you can select from more than a million books for free. Excerpt: CINERAMA -- CINNABARIS. 201 CINERARIA. (Dusty Miller.) Has some reputation in the cure of cataract and corneal opacities. Is used externally by instilling into the eye one drop four or five times a day. This must be kept up for several months. Compare in cataract Phos. and Platanus. CINNABARIS. (Mercuric Sulphide.) For certain forms of ciliary neuralgia and ulceration upon a syphilitic base, this remedy is most effective. Eyes. -- Pain from lachrymal duct around eye to temple, from inner canthus across brows to ear. Severe shooting pain in bones of orbit, especially running from inner to outer canthus in the bone. Redness of whole eye. Nose. -- Pressive sensation, as from heavy spectacles. Pain about root, extending into bones on each side. [Aur.; Kal. hyd.] Extremities. -- Pain in forearm from elbow down including hands. Throat. -- Stringy mucus passed through posterior nares into throat. Dryness of mouth and throat; must rinse the mouth. Fiery-looking ulcers in mouth and throat. Male. -- Prepuce swollen; warts on it which bleed easily. Testicles enlarged; buboes. Angry-looking chancres. Syphilides, squamous and vesicular. 202 CINNABARIS -- CINNAMONUM -- CISTUS. Female. -- Leucorrhoea. Feeling of pressure in vagina. Skin. -- Very fiery-red-looking ulcers. Nodes on shin-bones. Buboes. Condylomata, easily bleeding. Relationship. -- Compare: Hepar; Nitr. ac.; Thuja; Sep. Antidotes: Hepar; Sulph. Dose -- First to third trituration. CINNAMONUM. (Cinnamon.) Cancer where pain and fetor are present. Best when skin is intact. Its use in haemorrhages has abundant clinical justification...

Customer Reviews

Boericke's Pocket Manual is the classic, usually well worn reference book, found in the library of most naturopathic and homeopathic physicians. If I could only have one book about homeopathy, this would be it. William Boericke was an MD/Botanist, and his works form the basis of most modern materia medicas. This volume includes homeopathic uses of hundreds of plants and natural substances, many of which are not found elsewhere. Latin and common names are cross referenced, a list of remedy duration of action, and a limited repertory is provided. While the Indian re-printed edition is a poorly bound version from the 1927 manuscript, my copy is still holding up after 10 years. It is an excellent, affordable reference source. The newer versions can be more costly, but are no more valuable to me than my old copy, which I still carry, with my own practice notes in the margins.

This book is devoted to many different ailments and the different homeopathic remedies that are suggested for them, according to the symptoms one has.

I wanted a reference book with more information about all the homeopathic remedies (at least as many as I could get in one book). There is another book I would prefer to get, but didn't want to invest that much money in the beginning. So I got this book instead. It is perfect for me, since I am just starting to learn about homeopathy. If I get into homeopathy more I would buy the other book or invest in a computer program.

ok

This a real homeopathy medicine treasure and reference handbook for practitioners. I found very useful and almost all treatment references, of course a pocket manual and could be carried anywhere with you. Of course you should have also basic fundamentals about homeopathy before use this book. Fas delivery on right time and book was really in good condition as mentioned by the seller.
