Customer Reviews

OK, there are misspellings and grammatical mistakes, big deal, the information is really neat, and more importantly, it WORKS. This book is packed with useful information. I read it 5 times through, getting useful stuff each time. I have been able to master her methods from the book, though I do

also plan to take a seminar. I got more results faster with this book than any other. She doesn't just talk about feelings, she notes that you can download feelings you lack. This book, along with Richard Bartlett's Matrix Energetics: The Science and Art of Transformation, was highly recommended in a LOA course I took. I went back and forth between them, which helped me understand each of them better. No rehashes here, this lady got her stuff pure. I got a copy for my daughter, for someone at work, and for my wife. I sent copies of her previous books to other friends. I have one thing to say on this book:
