# Roku's Uncensored Private Channels List 2014

## **Synopsis**

This is a list of ROKU private channels. They can easily be added to your ROKU with the proper link or code. These channels are channels that are not available in the ROKU Channel store. They are only available here. We have the largest most up to date list available. We update our list on a daily basis. Our list is also one of the very few to have adult (XXX) channels as well. You can choose from: Sports Movies Family Educational Spiritual Music Radio Adult (XXX) And MORE!

Best Sellers Rank: #116,580 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #10 in Kindle Store > Kindle eBooks > Engineering & Transportation > Engineering > Telecommunications > Television & Video #10 in Kindle Store > Kindle eBooks > Humor & Entertainment > Movies & Video > Video > Technical #18 in Books > Engineering & Transportation > Engineering > Telecommunications & Sensors > Television & Video

## **Customer Reviews**

Have found several channels to add to my lineup that I had no idea were there! Four more words - there, ! ( I think it's silly to require a certain # of words in a review I'm providing voluntarily...)

I bought this for the Kindle, some of the tv codes are actually html links which was not lauchable from the kindle app. Other ones actually listed what the code was. They are also repeat listing codes for what is already available on the Roku store which you can add there already. If you get this, just make sure to not get the kindle version, that one is a waste.

Bought the Roku 3. Nearly all of these are already in the regular channel list. Needs updating to be useful.

This pamphlet is full of listings with hyperlinks saying "Add Channel," but when you click on the link, nothing happens.

Although the text is hard to follow (you'd think the typist was three sheets to the wind), there's plenty of outstanding (& plenty of UGH!) channels to make your Roku a 24/7 device. It's well worth the time & minimal cost. I'm very satisfied with this book.

great list of all the private channels for roku users. it is just a list with narratives for each channel

This book does contain handy channel-guide info, but it is not worth the price.

Doesn't provide sufficient info to acquire the channels listed.
