# The Gravity Between Us (New Adult Contemporary Romance)

## Synopsis

New Adult novel: recommended for 17+ due to mature themes and sexual content. Where does friendship stop and love begin? At just 19, Kendall Bettencourt is Hollywood's hottest young starlet, with the world at her feet – but behind the glamour and designer dresses is a girl who longs for normal. Payton Taylor is Kendall's best friend since childhood, and the one person who reminds her of who she really is – her refuge from the craziness of celebrity life. With her career taking off, Kendall moves Payton to LA to help keep her sane. But Payton is hiding a secret that could make everything ten times worse. Because to her, Kendall is more than a best friend – she is the only girl that she has ever loved. Just as they need each other more than ever, they'll have to answer the question of where friendship stops and love begins? And find out whether the feelings they have can survive the mounting pressure of fame.

The Gravity Between Us is a daring, romantic, emotional story about friendship, love, and finding the courage to be yourself in a crazy world. Praise for The Gravity Between Us

The characters here are so likeable that I was desperate for them to get together, but it's clear to see why they were hesitant about taking such a major step after being friends for so long. Speaking of likeable characters, there's a wonderful supporting cast, and it's really interesting to read a novel with so many well-drawn and sympathetic people in it. The tension - and there's plenty of it - comes from the balance between the pair's feelings for each other and the challenges Kendall faces, especially, as an A list celebrity trying to deal with the paparazzi and adoring fans.

I also thought the Hollywood setting was very well described and felt incredibly realistic. It's also got one of the best endings I've read for ages, which had me jumping to my feet I was so excited. Overall, this is certainly the best New Adult book I've read. Massive recommendation for all.

The Gravity Between Us is a fantastic read--humorous, romantic and daring. Kristen's writing style is engaging and honest. In Payton and Kendall, she's succeeded in creating characters whom you care about instantly. And her portrayal of their relationship is beautifully rendered. I loved the Hollywood angle, the question of how one learns to deal with other people's reactions to same sex relationships and the idea of the zany game that is celebrity. For me, The Gravity Between Us is a must-read new adult novel! I can't wait to read Kristen Zimmer's next book!

5 Stars! Kimtalksbooks.com

Tackling some hard subjects, this book was a wonderful foray into the world of the New Adult genre for me. It was a fast paced read for me because I found the characters so engaging. Because I liked the characters so much, I really wanted to see if they were going to end up together!

A Bookish Affair

I hope this book calls to you the way it called to me. And if/when you do read it, I hope you laugh and get all sappy and emotional the way I did too.

## Customer Reviews

The Gravity Between Us is the first book Iâ™ve read by Kristen Zimmer. I wish more authors like Kristen were writing books like The Gravity Between Us because it doesnâ™t rely on the annoying tropes found in most New Adult books. Plus, itâ™s a LGBT romance about two lifelong best friends, both female, who love each other deeply but have to figure out how to make things work between them. There isnâ™t that much over the top drama or eye rolling angst with these characters who make sense in their actions and thoughts. Thatâ™s something I really appreciated as I read. Payton and Kendall are well rounded and realistic young women who are trying to come to terms with their feelings for one another. Payton is nineteen and going to college for music. Her best friend Kendall is an up and coming Hollywood It girl (I kept seeing her as Jennifer Lawrence). Kendall loves acting but sheâ™s starting to feel the pressure of Hollywood and the certain role sheâ™s expected to play. Payton is thrilled for Kendallâ™s success but she had doubts about where their relationship is headed. Payton has always known sheâ™s been a lesbian, although she doesnâ™t reveal this until Kendallâ™s last visit home. Kendall is very accepting and

supportive. Payton breathes a sigh of relief but her feelings for Kendall are deeper and more intense than just friendship. Kendall had no idea Payton was gay, but sheâ€™s not bothered by it. But then her own feelings for Payton begin to change. Kendall is in a movie where she plays a bi-sexual rock star and has a scene where she kisses another woman. When she plays out this scene, and the kiss involved, all she can think about is kissing Payton.
