Mom And Dad, I'm Gay: Coming Out Of The Closet

Synopsis

Mom and Dad, I'm Gay Coming out of the closet • is an expression that covers a lot of a gay person's experience. Most of our fears and doubts are perfectly hidden in a closet. It is like the story with the Boogie Man. What happens if we decide to come out of this and confess who we really are and what we really like to do? Fortunately, this book will provide you all the information you need to overcome a crisis situation if you are among the gay people in the whole world. If not, then you should still keep going on with the lecture because you'll find a lot of interesting and accurate information about gay culture, about what they represent and what they experience every day. This is a guide for everyone that needs to shed a light upon their knowledge and who want to leave the prejudices away. It is well structured, too, so that you won't encounter any difficulty in reading it. But, most importantly, it is not only a book that shares some new and useful information, but a self-development one that will help many of us changing our mentality and start seeing the world with clearer and larger eyes.

Customer Reviews

This book gives some decent pointers on how and when to come out for all ages. Nothing mind blowing, but enough information to get a person started down that road. Many others are much better, so read the reviews before you decide to buy.
